NOTICE OF DECEMBER 11, 2006 DEADLINE FOR FILING TOLLED CLAIMS

Please take notice of the upcoming deadline for filing claims to which a tolling provision applies. The deadline is **December 11, 2006**.

Section 5.2(b) of the Trust's Claims Resolution Procedures ("CRP") tolls the running of relevant statutes of limitation under the circumstances enumerated in that section. (The full text of section 5.2(b) is attached.) Any claim tolled under section 5.2(b) must be actually filed with the Trust within four (4) years of the Effective Date, or by **December 11, 2006**. Any such tolled claim not filed by **December 11, 2006** will be rejected by the Trust as untimely.

Please also note that any claim first diagnosed after the Petition Date (*i.e.*, after April 8, 2002) must be filed with the Trust by the later of (i) three (3) years after the date of diagnosis, or (ii) **December 11, 2006**. **Therefore, any claim filed with the Trust after December 11, 2006 must be filed within three (3) years after the date of diagnosis in order to be considered as timely filed.**

Any claim not filed by the deadlines specified in the CRP is forever barred and will not be entitled to any distribution from the Trust.

CLAIMS RESOLUTION PROCEDURES**

5.2 Unliquidated Trust Claims.

(b) Effect of Statutes of Limitations and Repose. To be eligible for a place in the FIFO Processing Queue, a CRP Valued Asbestos Claim must meet either (i) for claims first filed in the tort system against Shook & Fletcher prior to the Petition Date, the applicable federal, state or foreign statute of limitation and repose that was in effect at the time of the filing of the claim in the tort system or (ii) for claims not filed against Shook & Fletcher in the tort system prior to the Petition Date, the applicable statute of limitation and repose that was in effect at the time of the filing of the claim with the Trust. However, the running of the relevant statute of limitation shall be tolled as of the earliest of (A) the actual filing of the claim against Shook & Fletcher prior to the Petition Date, whether in the tort system or by submission of the claim to Shook & Fletcher or CCR pursuant to a written settlement agreement; (B) the filing of the claim against another defendant in the tort system prior to the Petition Date if the claim was tolled against Shook & Fletcher or CCR at the time by an agreement or otherwise; (C) the filing of a claim after the Petition Date but prior to the Effective Date against another defendant in the tort system; (D) the filing of a proof of claim in the Chapter 11 Case prior to the Effective Date; or (E) the filing of a proof of claim with the requisite supporting documentation with the Trust after the Effective Date.

If a Trust Claim meets any of the tolling provisions described in subsection (A), (B), (C), (D) or (E) of the preceding sentence, it will be treated as timely filed provided that the appropriate claim form is actually filed with the Trust within four (4) years of the Effective Date. Also, any claims that were first diagnosed after the Petition Date, irrespective of the application of any relevant statute of limitation or repose, may be filed with the Trust within three (3) years after the date of diagnosis, or within four (4) years after the Effective Date, whichever occurs later.
